## Proud To Be Serving Will County

Velocita Technology is Will Counties premier full service manufacturer authorized computer sales and service center. Velocita Technology is owned by Frank Brandolino who has been servicing the greater Will County community for over 22 years.

Frank's experience operating a computer store came from over 13 years of experience managing the service and support efforts of Inacomp Computer Center of Joliet starting in 1985. A pioneer in the computer industry Inacomp was a nationally known leader in creating the computer revolution. Inacomp Computer Center of Joliet owned by Dick Starmann and Ken Johnson (who also owned Starmann's Inc. a "Joliet Icon" which was started in 1932) sold the business in 1997. Frank started Velocita Technology in 1997 which resided in Elwood, IL until March of 2005 when Velocita Technology moved to it's brand new location located at 50 Barney Drive in Joliet, IL.

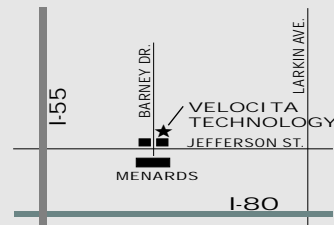

Velocita Technology, an authorized sales and service center for most major computer and software manufactures, provides it's clients proven technology solutions created by certified experts.

Velocita Technology's location at 50 Barney Drive in Joliet, contains a state of the art walk in service center providing for drop off service or immediate service for those emergency situations. Velocita's trained technicians are "computing experts" who provide superior repair services and support for all of your "in store", "Velocita LiveSupport remote support" or "at your site" computing needs.

Velocita Technology also has a sales demonstration area at this location, demonstrating the latest in laptop pc, desktop pc, digital video surveillance, telephone system and server technologies that the computer industry has to offer.

Velocita Technology is a leading technology services partner for business, delivering excellent service with competitive pricing to hundreds of satisfied customers. Through the strategic use of technology, we can manage and support the on-going needs of your IT infrastructure, from the desktop pc to server, to phone system, to video surveillance server. Velocita Technology meets the needs and challenges of business while helping them achieve their over all business goals. Through strategic partnerships Velocita Technology is able to offer overnight shipping on over 1 million products that the computer industry has to offer. Velocita Technology ships out of 60 warehouses nationwide daily to meet customer demand and to ensure prompt delivery. Strategically shipping from the closest warehouse with product availability shortens shipping times and cuts down on the overall shipping costs.

Located just north of Jefferson Street, across from Menards on Barney Drive in Joliet. We are located between the White Fence Farm Carry-Out and Long John Silvers Restaurants.
